

TOGETHER FOR STUDENTS

Instagram: @TogetherForStudents

We are Colton Arciniaga and Dylan Lindsey, and we're excited to be running for USG President and Vice President at DU. Our campaign Together for Students focuses on bringing people together to prioritize the needs of students over donors and bring students to the forefront of decision-making. Our aim is to ensure effective representation, student and community focus, accountability, transparency, and sustainability.

PRESIDENT
**COLTON
ARCINIAGA**
COLTON.ARCINIAGA@DU.EDU

We recognize that our student community feels disconnected from university administration, which has led to issues such as rising tuition, sudden changes in course offerings and requirements, and lack of support resources. Our campaign seeks to address these concerns by engaging with students directly and elevating their voices so that we can work together to find effective solutions. We are also committed to elevating and bringing all of our affinity-based groups to the forefront of these conversations, ensuring that they have a voice in spaces where they have previously been denied representation.

VICE-PRESIDENT
**DYLAN
LINDSEY**
DYLAN.LINDSEY@DU.EDU

As USG President and Vice President, we will focus solely on our student community and find new ways to invest in our student organizations. We're committed to ensuring accountability and transparency in our work and using the power of USG to hold administrators accountable to students. Additionally, we'll work with administrators and partners to implement preventative measures and address incidents of hate, discrimination, and violence. We'll also work to improve support systems related to mental health, Title IV, and Equal Opportunity issues.

Finally, we're committed to promoting sustainability and making DU a greener campus. We'll work with administration, the Center for Sustainability, and students to increase support for sustainable initiatives and hold administrators accountable for their promises. We believe in your power to make a difference here on campus, and we hope you'll join us in making a DU that works for our students. We are so excited to represent you as your next USG president and vice president.

Please don't hesitate to reach out with any concerns, questions or ideas about our platform.
